

Excursion Policy

Aim

To ensure all appropriate measures are taken to ensure children enjoy safe excursions into their community.

Implementation

Our educators recognise that excursions offer, are a fun way of connecting children with their community and provide endless opportunities to extend children's learning. Information gained during excursions can be used to plan ongoing activities and experiences that may last days or weeks as learning about one thing leads to new and exciting discoveries about related or different topics.

Excursions also allow educators to demonstrate how their practice is shaped by meaningful engagement with the community which is one of the themes which must be demonstrated to achieve an Exceeding NQS Rating.

Risk Assessments

Safety during excursions is a priority. The Nominated Supervisor or educators will always complete a risk assessment to identify, assess and remove or reduce risks the excursion may pose to the safety, health and wellbeing of and each child before children are transported unless the arrangement is a 'regular outing (ie a walk, drive or trip to and from a destination that the service visits regularly as part of its educational program and where the circumstances and risks are substantially same on each outing) and a risk assessment has been completed within the last 12 months. The risk assessment will cover:

- Any risk that the excursion may pose to the safety, health and wellbeing of any child and identify how these risks will be managed and minimised
- Proposed route and destination
- Any water hazards and associated risks
- Means of transport and child restraint/seat belt requirements
- The process for entering and exiting the service premises or destination, and procedures for embarking and disembarking transport, including how each child will be accounted for
- Number of educators and children (and ratio)
- Whether extra adults are required for supervision/safety -educator to child ratios are minimum requirements. You may discuss supervision strategies at a staff meeting eg sourcing high viz vests and ropes which children can hold on to
- Any special skills required
- Proposed activities

- Proposed duration
- Any specific health care needs or medical conditions that need to be managed
- Items that should be taken

The Nominated Supervisor will update risk assessments for regular outings and obtain new authorisations from parents/guardians when circumstances that may affect the arrangements change, including for example:

- weather conditions (summer versus winter, extreme weather events like heatwaves, floods and bushfires)
- changes in routes for example because of road works
- the numbers and vulnerabilities of children.

Authorisations for Excursions

Authorisation for a child to be taken on an excursion must be given by a parent or other person named in the child's enrolment record as having authority to authorise the excursion unless the arrangement is a 'regular outing and there's an authorisation which is less than 12 months old. The authorisation will include:

- Child's name
- If it's a regular outing, a description of when the child is to be taken on the regular outings
- If it's not a regular outing, the date of the excursion
- Destination and proposed activities
- if transport involved, the means of transport, and any requirements for seatbelts or safety restraints under the relevant state/territory law
- How long the child will be away from the centre
- Expected number of children attending
- Expected ratio of educators to children
- Expected number of additional adults who will be attending
- Items child required to bring from home for excursion
- Advice risk assessment available at service.

Excursion Procedure

The Nominated Supervisor and educators will always implement the Excursion Procedure to eliminate or minimise any risks associated with an excursion and ensure compliance with all Regulations.

Early Years Learning Framework

Learning Outcome 4

Children transfer and adapt what they have learned from one context to another.

Children develop dispositions for learning such as curiosity, cooperation, confidence, creativity, commitment, enthusiasm, persistence, imagination and reflexivity.

Learning Outcome 5

Children interact verbally and non-verbally with others for a range of purposes.
